THE EMPLOYMENT RELATIONS
OF ATHLETES IN OLYMPIC SPORTS
IN EUROPE

Friday 17 December 2021

Universidade Europeia Lisbon/ online

Information & Registration www.dshs-koeln.de/iesf/employs

The EMPLOYS Project

This collaborative partnership aims at improving good governance in the employment relations of athletes in Olympic sports by providing, evaluating and sharing evidence based information, practices and recommendations in an important subdomain of sport and governance. The project team will provide evidence based policy recommendations for sport governing bodies from the local to the global level as well as for national public authorities and EU institutions. The project is structured around three specific goals:

- Understanding establishing an evidence base of the legal and socio-political landscape defining the employment relations of athletes in Olympic sports in 29 European countries and the European Union;
- Evaluating assessing the current practice across the continent;
- Improving formulating and implementing concrete policy recommendations for key stakeholders.

Building on a rigorous and participatory methodology, the expertise and unique network of the project team, this collaborative partnership will inform substantial and sustainable policy change on all levels of governance. The results empower athletes for a secure and successful career in sport and beyond.
