# TAXING CORPORATIONS IN THE ERA OF SUSTAINABILITY: POLICY PERSPECTIVES AND PRACTICAL CHALLENGES

Department of Corporate and Financial Law of the University of Rijeka, Faculty of Law organizes a roundtable dedicated to the interaction between corporate taxation and sustainable development. Leading international and domestic tax scholars, as well as experts from business community will discuss various policy aspects and practical challenges shaping the socially responsible corporate tax behaviour.

Key topics include:

- reforms of cross-border business taxation (e.g. Pillar Two)
- windfall profit taxation
- environmental taxes
- integration of ESG factors in corporate tax governance framework

**Date: June 30, 2025**

**Time: 11:00 – 14:30**

**InnovaLab,
